

Press Release – For Immediate Release
April 8, 2009

Trent Hills Communities in Bloom Invites Everyone to Spring into Action!

The Trent Hills Communities in Bloom Committee is ready for spring and is launching plans for the 2009 Committee in Bloom project. We are inviting residents, businesses, and organizations to beautify spaces in the community through a variety of community pride projects and events.

In 2008 Communities in Bloom was a tremendous success in Trent Hills. The Committee volunteers and Municipality of Trent Hills staff worked hard with a long list of community partners to spruce up, tidy up and showcase our community spirit. The hard work paid off and the project was awarded 4 blooms out of 5 by a provincial judging panel. In addition, a special acknowledgement was made to Trent Hills for our volunteer spirit. We want Trent Hills to earn the 5 Blooms Awards in 2009.

This year, the Committee is aiming for even greater success and over the next few months will be inviting everyone to join in their efforts. To begin, a colour theme has been selected for flowers that will be planted in the public gardens in and around Hastings, Warkworth and Campbellford. We would like to invite businesses and residents to join in and plant flowers in planters or gardens with the following colours: Fuchsia (dark pink), Yellow, & Purple/Blue.

Businesses, service clubs, organizations, and residents are also welcome to sponsor the Communities in Bloom program in Trent Hills. In return for a donation, business will receive a Communities in Bloom sign that can be hung in their business to raise awareness of the program. We are also encouraging people to tidy up properties, yards, and sidewalks throughout the community.

Stay tuned for more updates as spring arrives. If anyone would like to get involved or learn more about Communities in Bloom, please join us for our monthly meetings held the second Thursday of the month at 9:30am. Call 705-653-4433.

Background

Communities in Bloom is a Canadian non-profit organization committed to fostering civic pride, environmental responsibility, beautification and to improving quality of life through community participation and the challenge of a national program, with focus on the protection and promotion of green spaces. For more information visit: www.communitiesinbloom.ca

"People, plants and pride... growing together" is our slogan, and it captures the essence of the program."
