

HOME FIRE SAFETY CHECKLIST

What's Your Fire Safety Batting Average?

If you answered "yes" to all of the checklist questions above, congratulations! You scored a fire home run!

If you answered "yes" to 15 to 20 questions, you've made it to third base. Just make a few adjustments, and you'll easily hit a fire safety home run.

If you answered "yes" to 10 to 14 questions, you've hit a double. You're going in the right direction, but you've got some work to do before you get to home plate.

If you answered "yes" to fewer than 10 questions, you've reached first base, but you need to make many changes around your home in order to reach home plate.

For all questions to which you answered "no," make sure your family takes the steps needed to make them a "yes" so you can all score a fire safety home run!
